3 step description how to get log file from MTA (Mobile Tech App):

3-dot menu in the upper right -> Settings -> Share Diagnostics Logs -> send

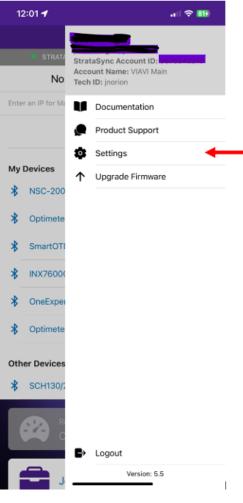

Here the screen shots for it:

1. Press the 3 dots in upper right corner or app:

12:00 🕇	.i i 🗢 819	
Mobile 1	Tech ····	
STRATASYNC	NSC-200	

No Instrument Connected

2. Select "Settings" from the pull over:

3. Select "Share Diagnostics Logs":

12:01 🕇		al 🗢 时		
🗸 Back	Settings			
STRATA:	SYNC	NSC-200		
Settings Managed By StrataSync				
Use Cellular Dat	a			
Set incoming jol	o as the current job			
StrataSync Upl	oad			
	s are automatically sync control upload to Strat			
Auto Purge Tim	le			
Synced test data and completed jobs will be automatically removed from Mobile Tech after the specified amount of time. This setting does not apply to TPA jobs.				
Configure Hom	e Screen	>		
Show All Device	S			
Show all devices during Blueooth discovery, even potentially non-Viavi devices.				
Share Diagnosti	c Logs	-		
About		_		

4. Easiest way is to email them using the app2app share pop-up:

12:01 🕇		,i II 🗢 815			
< Back	Settings	••	•		
STRATA:	SYNC	NSC-200			
Settings Managed By StrataSync					
Use Cellular Dat	а				
Set incoming jol	o as the current job				
StrataSync Upl	oad				
	are automatically synd				
Plain Text	:	×			
		•	¢ 🔶		
AirDrop M	essages Mail	Reminders	0		
Сору		¢			
New Quick N	lote	m			
Save to Files					
HP ePrint					
Print with HF	9 Smart				
Find products on Amazon					

 $\label{eq:linear} Two\ files\ will\ be\ sent:\ diagnostics \ Logs-prev.txt\ and\ diagnostic \ Log.txt$
